

State of the Shared Facilities (as of March 1, 2024)

Area	Facility	State of the facility	Prospects
Tokai	JRR-3	<p>The sixth cycle of the In-service operation open to the public at JRR-3 started on February 12 and is scheduled to be closed on March 8.</p> <p>The operation schedule is published on JRR-3 Users Office Website.</p> <p>JRR-3 Users Office Website: <a href="https://jrr3uo.jaea.go.jp/jrr3uae/index.htm">https://jrr3uo.jaea.go.jp/jrr3uae/index.htm</a></p> <p>As of May 8, 2023, the status of new coronavirus infectious diseases under the infectious disease control law will be downgraded from category 2 to category 5, the same as the seasonal flu, and we have decided to review our basic measures against infectious diseases as follows.</p> <p>We would like your continued cooperation in taking the necessary infectious disease measures.</p> <ul style="list-style-type: none"><li>•Please wash your hands, use hand sanitizer.</li><li>•While mask-wearing is left up to individual discretion, we recommend wearing masks in indoor settings with a large number of people.</li></ul>	<p>The seventh cycle of the In-service operation open to the public is scheduled from March 18 to April 5.</p>

Facilities not mentioned above are offered for use the same as before, except for Joyo, where a periodic inspection is being conducted on its reactor facility, and only the post irradiation examination facility is currently available.

\*In regard to "JRR-4", based on the "Basic Direction of the Reform of Japan Atomic Energy Agency" which was drawn up by the panel of MEXT on August 8, 2013, JAEA formulated the "Reform Plan of Japan Atomic Energy Agency" and in it JRR-4 was designated as a facility for which a decommissioning plan should be developed. The decommissioning plan was submitted to the NRA on December 25, 2015, and accordingly JRR-4 was removed from the list of the JAEA 's shared facilities on January 13, 2016 and will not be offered for use from then on.
