# **Discussion about INFCIRC / 225 Rev.5 (Sec. Series NO.13) in Japan**

Such Discussion just started in the Atomic Energy Commission in Japan.

But, Reorganization of Nuclear Regulatory Body is now promoting.

We need to consider such political situation.

Recognize that New Regulatory Body, Nuclear Safety and Security Administration(?) will be established and start on April 1, 2012.

# *Discussion about Insider Issues in Japan*

The Information Office of the Prime Minister Cabinet has already been discussed insider issues. Detailed information will be presented as a supplement.

In Japan, we never carry out trustworthiness action anytime in legally.
