

# International Symposium on Present Status and Future Perspective for Reducing Radioactive Wastes - Challenge for the Relief in the Next-generation -

DATE : Feb. 17, 2016 9:30 a.m. Start 5:30 p.m. Close  
Venue: Seiryō-Kaikan, Tokyo

PROGRAM	
9:30~9:50	1 Welcome Address  <u>Mr. Toshio Kodama</u> , President of Japan Atomic Energy Agency (JAEA) <u>Mr. Masaaki Tanaka</u> , Director-General, Research and Development Bureau, MEXT
9:50-10:30	2 Keynote Speech  <u>Mr. William Magwood, IV</u> , Director-General of Nuclear Energy Agency, OECD
10:40-12:15	3 R&D Efforts in Japan  ◆ Desirable Fission Energy System <u>Mr. Yoichi Fujiie</u> Representative Director of NPO Nuclear Salon Fujiie ◆ JAEA's Programs toward the Realization of the Reduction of Volume and Radiotoxicity of Radioactive Waste in Nuclear Fuel Cycle <u>Mr. Yasushi Taguchi</u> , Executive Vice President of JAEA ◆ R&D on Fast Reactor Cycle and the Role of Monju and Joyo <u>Mr. Hideki Kamide</u> , Director General, Advanced Fast Reactor Cycle System Research and Development Center, Sector of Fast Reactor Research and Development, JAEA ◆ R&D on Partitioning and Transmutation by using Accelerator and the Role of J-PARC <u>Mr. Kazufumi Tsujimoto</u> , Group Leader, Nuclear Transmutation System Development Group, Partitioning and Transmutation Technology Division, Nuclear Science and Engineering Center, Sector of Nuclear Science Research, JAEA
13:15-15:15	4 R&D Efforts in Overseas  ◆ Concept and Future Perspective on ASTRID project in France <u>Mr. Sylvestre Pivet</u> , Director, Innovation and Nuclear Support Division, French Atomic and Alternative Energies Agency ◆ Studies and Future Perspective in the China <u>Mr. Wenlong Zhan</u> , Vice President, Chinese Academy of Sciences ◆ Studies and Future Perspective in the United States <u>Mr. John W. Herczeg</u> , Deputy Assistant Secretary, Fuel Cycle Technologies, Office of Nuclear Energy, U.S. Department of Energy ◆ Studies and Future Perspective in India <u>Mr. Krishnamurthy Ananthasivan</u> , Head, Advanced Fuels Studies Section Chemistry Group, Indira Gandhi Centre for Atomic Research
15:30-17:30	5 Panel Discussion Reflection of R&D Results on Reduction of Volume and Radiotoxicity of Radioactive Waste in Nuclear Fuel Cycle and Expectations for International Cooperation in the Future  Moderator: <u>Mr. Yutaka Sagayama</u> , Assistant to the president of JAEA Panelists: 4 Panelists from overseas, 2 Panelists from Japan and <u>Ms. Reiko Fujita</u> , program manager for ImPACT
17:30-17:35	6 Closing Remark  <u>Mr. Nobuyuki Yoshida</u> , Executive Director of JAEA
